

Last Tuesday of every month Business Session and then the Potluck in Dec Small Business Center

#### Our Mission

The Coastal Carolina Artists & Crafters Guild Inc will promote arts and crafts in Onslow County, and its surrounding areas. The CCAC Guild Inc will accomplish this through education, social functions and events where artists are given the platform to exchange ideas, show their work, and market their craft.

### Featured Artist: *Liz Johnson*

I grew up in both the suburbs of Chicago and the Jacksonville/Richlands area. I left the area in 1985, spent the next 20 years exploring the world with the U.S. Navy, and then returned to retire in Jacksonville with my wonderful husband Doug and three boys: David, Daniel, and Douglas.

My featured item is the “scrubbie” but I craft about 20 different items

My mom taught me to crochet when I was about 6 or 7 years old and my grandmother taught me to sew around the same time. I worked in a sewing factory for 1 year when I was a teenager and although I was good at what I did, I disliked the monotony of it. I learned about woodworking in Middle and High School and picked it back up with my husband in the past few years. After retiring and coming back to Jacksonville, I started helping my mom to craft items in 2005. I knew about the CCAC Guild because she was a member and I had accompanied her to a couple of meetings. I am also a member of the local knitting and crocheting group “Chain of Purls.”

Liz' s Interview Continued

**I consider myself to be an earthy and old-fashioned crafter. I really enjoy working with fabrics, yarns, and wood. I am inspired to make hand-made items that are practical and affordable at the same time.**

**My featured item is the “scrubbie” but I craft about 20 different items. My mom was known as “the scrubbie lady” and**

**had been making them to sell at craft shows for more than 10 years. Someone she knew had given her a sample and the idea to make them, she taught me to make them about a year ago.**

**Do I consider myself to be artistic? No – I’ve always loved to draw and doodle but other than that...not so much. I love to garden outdoors – flowers and vegetables. I also love listening to music of all types but am not musical myself – as my middle school music teacher would attest to. However, all 3 of my boys are musicians.**

**My advice to others who are aspiring artists or craftsmen is to try working with many types of materials and in different ways to find those that speak to you before settling down with one or two.**

# Art: Left and Found

# Art Left & Found

Tips: Label your art with a note or a tag stating that it is Left and Found Art include your contact email or [artleftandfound@yahoo.com](mailto:artleftandfound@yahoo.com)

**Rice bags Shooting Stars !!  
Great idea for  
Art: Left and found**

Take a photograph of your artwork both in its original and abandoned state and post it to the page <http://www.facebook.com/groups/artleftandfound/> with a general description of the location where you left it.

It is IMPORTANT that you label and package your art in a clear bag or cello wrap. We would not encourage leaving art in any government buildings as they may be reported as suspicious packages and disposed of.

Art: Left and Found

<http://www.facebook.com/groups/artleftandfound/>

You can download printable tags from our page or make your own.

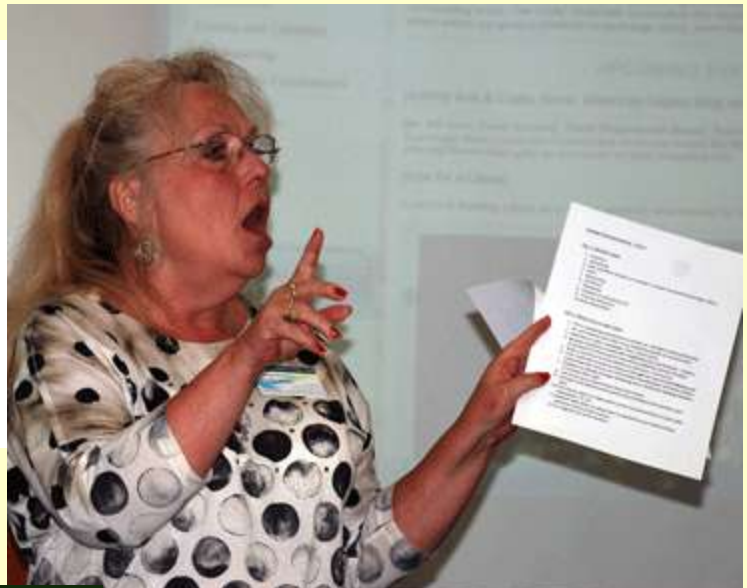

This group was formed by members of the Coastal Carolina Artists & Crafters Guild Inc as a way to foster creativity and expose the public to random acts of abandoned art.

**Special Thank you to Rhonda Hallet, Presenter and CCACG member, for leading us through the Strategic Planning steps using the Guild as the model for the business we are working on together.**
